WHAT IS THE CHAMBER OF COMMERCE?

Balch Springs Chamber of Commerce is a voluntary organization of citizens who are investing their time in a community development program working together to improve the economic, civic, and cultural fortitude of the region, area and community.

Any resident who is interested in helping to develop the community is eligible to be a member of the Balch Springs Chamber of Commerce. The direct benefits are a stronger local economy: more business and more jobs with higher salaries and better fringe benefits.

The work of the Balch Springs Chamber of Commerce is partially financed by the investments of its members. The dues are structured to permit even the smallest business to be a member.

A board of directors, elected from the general membership, guides the Balch Springs Chamber of Commerce, setting goals and policies for the advancement of its members.

WHAT DOES THE CHAMBER OF COMMERCE DO?

The Balch Springs Chamber of Commerce is a service institution as well as an action institution. It provides a medium through which people can take effective action for the progress of the community.

The Balch Springs Chamber of Commerce provides the opportunity for members to network with other business leaders and to attend business education seminars, thereby increasing their business capacity. This education of our business members is just one way in which the Chamber of Commerce is working to retain jobs and create new ones.

The Chamber of Commerce works with the City's Economic Development Office to stimulate industrial and commercial growth.

And the Chamber of Commerce helps to prepare our youth to take their place in the workforce as our aging population retires (50% of our workforce will retire in the next 3-5 years leaving a tremendous shortage of skilled and trained workers)

In all of the functions The Balch Springs Chamber of Commerce is serving as a partner to every business and professional in the community.
